SKYLIGHT ROOFS SUNROOF

SunRoof horizontal retractable skylights are designed for spans of up to 6m (20'), perfect for cafes, restaurants and patios. Your enclosed spaces are no longer limited to being indoors spaces only, open it and there is nothing left between you and the blue sky with support free visual opening roof lights. SunRoof, horizontal retractable skylights are manufactured to sites specific and user needs.

*SunRoof Skylights are not recommended in snowy areas.
